Dirty Foot got possession of some whisky at Fort Pierra, and upon arriving at camp got drunk. Going to his tepee he found a squaw known as "Old Sal," and he picked up an axe and struck her on the forehead, cracking her skull. A crowd soon gathered and Dirty Foot was caught and thrown into a fire in the centre of the circle of tepees, and when he tried to escape was thrown back until he was burned almost to a crisp.

General Superintendent H. L. McGee and Division Superintendent E. A. Gould, of the Wabash, were in the city to-day.

The object of their visit is said to be in relation to building another track to form a continuous double track to the stock yards and also to see about placing gates at Fairfield avenue and Broadway.

Should the contemplated track be laid a lawsuit may result, as some of the buildings of Olds' wheel works trespass the proposed line.

It is a question as to whether the railroad is entitled to the property or not.

It seemed to be the sense of the committee that some action should be taken in the matter and a majority of members expressed themselves in favor of establishing a fractional paper currency in connection with the postal service. WOMAN'S WAY.

Mrs. Rogers Wrecks a Saloon That Sold Liquor to Her Sons.

BONNE TERRE, Mo., March 13.—Mrs. Wm. Rogers, of this place, created a stir yesterday by raiding one of the "blind tiger" saloons which have been running here in violation of the law.

She has two sons. Both are minors. Last night they were enticed to the place and made drunk. The mother learned the facts and inaugurated a crusade. Donning her hat she hastened down to the saloon, and, after a brief but interesting interview with the proprietor, she demolished every window in the place and partially wrecked the interior before she could be persuaded to desist.

A pleasant reception was given yesterday afternoon at the home of Mr. and Mrs. George Crane, on West Jefferson street, in honor of Mrs. W. D. CHURCH CIRCLES EXCITED

On Account of the Marriage of a Minister to His Dead Wife's Sister.

PITTSBURG, Pa., March 13.—United Presbyterian church circles are much excited over the marriage of the Rev. Dr. K. B. Ewing, pastor of the Sixth church, one of the wealthiest congregations in Pittsburg, to a sister of his deceased wife. There is a united Presbyterian law which expressly forbids such marriages.

Dr. Ewing does not profess to have been ignorant of the existence of that law but contends that that it has long been obselete, and that an attempt to enforce it would disrupt the denomination, for so many of the members of the church differed with him, however, that he has tendered his resignation as pastor. The case will go to the Presbytery, which will be asked to urge the general assembly to repeal the law forbidding such marriages.

LET IT COME!

The President of the National Association of Railway Surgeons Favors Fort Wayne for Their Next Convention.

A communication was sent by Dr. C. B. Stemen to President J. B. Murdock, of the National Association of Railway Surgeons, asking his opinion about holding the next annual meeting of the society in 1891, in this city. The following reply has been received:

PITTSBURG, Pa., March 11, 1890.

Dr. C. B. Stemen, Fort Wayne, Ind.

DEAR DOCTOR:—Replying to yours of yesterday, it seems to me that Fort Wayne would be a very proper place to hold our next meeting. The meeting should be at least as far east as is Fort Wayne, and the home of the "father of the association" would be a very good place. Very truly yours,

J. B. MURDOCK.

In the above letter the words "father of the association" are meant to apply to Dr. Stemen, who is practically the founder of the association.

The last meeting of the national association was held at St. Louis, and the next one will be held in May at Kansas City. The meeting was attended last year by more than one thousand delegates.

The matter will be referred to the Business Men's exchange.

THE REASON WHY.

The Fort Wayne Delegation Return From Indianapolis.

Nearly all the members of the Fort Wayne delegation to the G. A. R. encampment at Indianapolis, have returned home.

They were fairly entertained at the capital. They claim that Northern Indian did not properly support them in trying to secure the next encampment, the vote from Bluffton, Auburn, and Ligonier being especially against them.

Evansville, Terre Haute and Richmond worked nobly for Fort Wayne, and if the chair had granted a reconsideration of the vote, it is believed this city would have been successful.

Indianapolis got the encampment by hustling. She saw how earnestly the forces here were working in time to wake up.

DR. A. J. BOSWELL.

The Elder Member of a Popular Firm Wins Fame Abroad.

Dr. A. J. Boswell, of the firm of Drs. Boswell & Boswell, whose offices are on the corner of Barr and East Wayne streets, over Loesch's pharmacy, returned last evening from New York city. The doctor, during his absence, attended the polyclinic and hospitals of that city, and devoted his attention to the more intricate points in medicine and surgery, embracing the course in Carnegie's labratory on bacteriology and special courses in operative surgery under the guidance of the leading authors of the east. The doctor entered the examination of Bellevue Hospital Medical college, of New York, session of 1889-90, and obtained the degree of doctor of medicine from that famous institution on the 10th inst. The doctor had been in practice for twelve years prior to his attendance at eastern colleges and hospitals, and had already demonstrated more than ordinary skill and ability in managing diseases, and we bespeak for the firm success.

Mr. Bradway, a plumber living on Maumee road, has discovered a new way to break a rib.

Dorland deposited his bundle at the entrance of the News office and stepped inside to bid good bye to several of the craft. Clothes gone.

"When lovely woman stoops to folly," and goes out in the snow without her India rubbers, the only art to cure her cold is to buy one bottle of Dr. Bull's Cough Syrup at 25 cents, and take it.

THE Gazette criticises us for the reflections made in THE SENTINEL the other day regarding the tardy work of the Indiana supreme court. The object of the Gazette in replying is purely partisan.

THE SENTINEL is receiving compliments for publishing each day, at the head of this column, the entertainments and meetings given in the evening. The list is found convenient, for at a moment's glance the reader can tell what is going on that night.

THE state board of health has been asked to furnish all the information in its possession on the subject of vaccination to the Royal Vaccination Commission of Great Britain. This commission has been appointed by the queen to make the first complete investigation of the actual value and results of vaccination since its discovery by Edward Jenner, thirty-six years ago.

THE Indiana supreme court has just rendered the following decision: Where the contract for the transmission of a telegraphic message to a point within Indiana is made in another state, the courts of this state will not enforce the statutes of the other state prescribing penalties for failing to transmit; nor can an action be maintained under the statutes of this state for a failure to deliver after it has been transmitted.

THE state G. A. R. encampment, which has been in session at Indianapolis this week, closed last evening. A resolution was adopted demanding the immediate passage of a service pension bill, and the repeal of the limitation clause of the arrearages bill. Officers were elected as follows: Gil R. Stormant, Princeton, commander in chief; W. W. McBeth, senior vice commander; Joseph Grimsley, junior vice commander; I. N. Walker, assistant adjutant general; W. W. Cocheran, assistant quartermaster general, Indianapolis; Governor Alvin P. Hovey, delegate at large to the national convention. As mentioned in the SENTINEL yesterday, Indianapolis was successful in securing the encampment for the next year. The Fort Wayne delegation worked hard for the city, and their efforts were ably seconded by delegations from some other parts of the state. They failed, but they deserve credit for the manly fight they made. Fort Wayne would have entertained the veterans in a royal manner had our city been successful in securing the encampment.

COMMON COUNCIL.

REPORT OF COMMITTEE ON PUBLIC GROUNDS AND BUILDINGS AND CITY ATTORNEY.

We your committee on public grounds and buildings, report as follows:

1. In reference to the communication from Manager Geary, announcing his desire to erect in said city a young Eiffel tower, your committee report that if in its erection he manifests the energy and ability he does in the management of his museum he will cause in the city a tower that will be an object of interest to all and a source of revenue to him. As the tower must be built on private ground the manager will have the right to dig down to the center of the earth and may go upward without limit, and upon its completion it will give the public joy to see Mr. Geary ascend up.

2. In reference to the offer of the Salimonie Gas company, relating to the lighting of the public offices with natural gas, we conditionally recommend the acceptance of the same, but for the purpose of bringing the matter to a point, we recommend that the different city officers, furnish this committee with the number of lights required and that the attorney be directed to prepare and report to the council such contract as the said company is willing to enter into with the city.

City Clerk.

We, the undersigned, members of the business men's exchange, herewith request our city council to pass the annexed license law, regulating auction and itinerent merchants from practicing illegitimate and unlawful measures, to employ methods calculated to deceive and mislead the public, to the detriment of merchants, who are honorable and heavy tax-payers. We agree to assist the city attorney in defending this ordinance to the utmost of our ability believing it to be just and equitable.

The Trades and Labor Council met Friday night and among other things passed this resolution:

Whereas, The city of Fort Wayne is infested with a large number of transitory stores which engage in business for a few weeks, to the injury of the business men permanently located in the city; therefore be it

Resolved, That the Trades and Labor Council, feeling for the welfare of th se who are engaged in the mercantile business in Fort Wayne, is in favor of any just and legitimate measure that can be devised for the purpose of protecting resident business men from the evils resulting from "mushroom" and "fly-by-night" stores located in our midst, and be it further

Resolved, That it is to the interest of workingmen to not patronize such stores, because they have no reputation to sustain and therefore people dealing with them have no guarantee of the substantiality of the goods they purchase.

Resolved, That the business men's exchange and the undersigned, business men heartily endorse the above resolution of the Labor Council. JOHN B. MONNING,
A. J. MOYNIHAN, Sec. President.
George W. Pixley and 72 other merchants.

"For years I have been afflicted with bad Digestion, Constipation and Piles. I have tried all the medicines I could get hold of, but all in vain. Even my physicians could not relieve my costiveness. In the meantime I struggled under great pain. Life was a burden. Two weeks ago I saw the Chicago "Times," and my eye fell on an advertisement of Tutt's Pills. I decided to try them. They have worked wonderfully. They keep me regular, don't make me sick, give me an appetite and are curing my piles. I am strong and can walk any distance. If I had had these pills five years ago they would have saved me $10,000; but they have saved my life. Let the afflicted everywhere know their value, which is beyond expression."

It seemed to be the sense of the committee that some action should be taken in the matter and a majority of members expressed themselves in favor of establishing a fractional paper currency in connection with the postal service. WOMAN'S WAY.

Mrs. Rogers Wrecks a Saloon That Sold Liquor to Her Sons.

BONNE TERRE, Mo., March 13.—Mrs. Wm. Rogers, of this place, created a stir yesterday by raiding one of the "blind tiger" saloons which have been running here in violation of the law.

She has two sons. Both are minors. Last night they were enticed to the place and made drunk. The mother learned the facts and inaugurated a crusade. Donning her hat she hastened down to the saloon, and, after a brief but interesting interview with the proprietor, she demolished every window in the place and partially wrecked the interior before she could be persuaded to desist.

CHURCH CIRCLES EXCITED

On Account of the Marriage of a Minister to His Dead Wife's Sister.

PITTSBURG, Pa., March 13.—United Presbyterian church circles are much excited over the marriage of the Rev. Dr. K. B. Ewing, pastor of the Sixth church, one of the wealthiest congregations in Pittsburg, to a sister of his deceased wife. There is a united Presbyterian law which expressly forbids such marriages.

Dr. Ewing does not profess to have been ignorant of the existence of that law but contends that that it has long been obsolete, and that an attempt to enforce it would disrupt the denomination, for so many of the members of the church differed with him, however, that he has tendered his resignation as pastor. The case will go to the Presbytery, which will be asked to urge the general assembly to repeal the law forbidding such marriages.

LET IT COME!

The President of the National Association of Railway Surgeons Favors Fort Wayne for Their Next Convention.

A communication was sent by Dr. C. B. Stemen to President J. B. Murdock, of the National Association of Railway Surgeons, asking his opinion about holding the next annual meeting of the society in 1891, in this city. The following reply has been received:

PITTSBURG, Pa., March 11, 1890.

DR. C. B. STEMEN, Fort Wayne, Ind.

DEAR DOCTOR:—Replying to yours of yesterday, it seems to me that Fort Wayne would be a very proper place to hold our next meeting. The meeting should be at least as far east as is Fort Wayne, and the home of the "father of the association" would be a very good place. Very truly yours,

J. B. MURDOCK.

In the above letter the words "father of the association" are meant to apply to Dr. Stemen, who is practically the founder of the association.

The last meeting of the national association was held at St. Louis, and the next one will be held in May at Kansas City. The meeting was attended last year by more than one thousand delegates.

The matter will be referred to the Business Men's exchange.

THE REASON WHY.

The Fort Wayne Delegation Return From Indianapolis.

Nearly all the members of the Fort Wayne delegation to the G. A. R. encampment at Indianapolis, have returned home.

They were fairly entertained at the capital. They claim that Northern Indian did not properly support them in trying to secure the next encampment, the vote from Bluffton, Auburn, and Ligonier being especially against them.

Evansville, Terre Haute and Richmond worked nobly for Fort Wayne, and if the chair had granted a reconsideration of the vote, it is believed this city would have been successful.

Indianapolis got the encampment by hustling. She saw how earnestly the forces here were working in time to wake up.

DR. A. J. BOSWELL.

The Elder Member of a Popular Firm Wins Fame Abroad.

Dr. A. J. Boswell, of the firm of Drs. Boswell & Boswell, whose offices are on the corner of Barr and East Wayne streets, over Loesch's pharmacy, returned last evening from New York city. The doctor, during his absence, attended the polyclinic and hospitals of that city, and devoted his attention to the more intricate points in medicine and surgery, embracing the course in Carnegie's labratory on bactereology and special courses in operative surgery under the guidance of the leading authors of the east. The doctor entered the examination of Bellevue Hospital Medical college, of New York, session of 1889 90, and obtained the degree of doctor of medicine from that famous institution on the 10th inst. The doctor had been in practice for twelve years prior to his attendance at eastern colleges and hospitals, and had already demonstrated more than ordinary skill and ability in managing diseases, and we bespeak for the firm success.

A DISASTROUS SNEEZE.

Mr. Bradway Has Discovered a New Way to Break a Rib.

Mr. Bradway, a plumber living on Maumee road, has discovered a new way to break a rib.

Yesterday afternoon he indulged in a good, hard sneeze—a few moments later found his way to a doctor's office with difficulty, to find that he had factured a rib.

A MAD PRINTER.

One Dorland Has a New Suit of Clothes Stolen.

One Dorland, a printer, paid for a suit of clothes at Stauffer & Hardung's tailoring establishment to-day. He leaves for Kansas City to-night, and it was his intention, like McGinty's, to go away dressed in "his best suit of clothes."

Dorland deposited his bundle at the entrance of the News office and stepped inside to bid good bye to several of the craft. Clothes gone.

"When lovely woman stoops to folly," and goes out in the snow without her India rubbers, the only art to cure her cold is to buy one bottle of Dr. Bull's Cough Syrup at 25 cents, and take it.

"Speak this speech, as I tell you, trippingly on the tongue." Say that one of the great benefactions of the age is a small bottle of Salvation Oil, the greatest cure on earth for pain. Only 25 cents.

THE democratic state executive committee is meeting to-day at Indianapolis.

THE new water works engine is being operated. The official test will be made soon.

SOME of our Fort Wayne soldiers won honors at the state G. A. R. encampment.

A BRANCH of the Brotherhood of Railway Conductors has been organized at Frankfort, Ind.

FORT WAYNE did not get the state encampment. She made a gallant fight for it, however.

THE democratic state executive committee will decide to-day where and when the next democratic state convention will be held.

THE proceedings of the city council, published in to-day's issue, will be found interesting reading for those interested in municipal affairs.

THE Louisiana lottery bill was defeated in the North Dakota legislature Monday. If the company was driven out of every state in the Union it would save many people a great deal of money.

THE Gazette criticises us for the reflections made in THE SENTINEL the other day regarding the tardy work of the Indiana supreme court. The object of the Gazette in replying is purely partisan.

THE SENTINEL is receiving compliments for publishing each day, at the head of this column, the entertainments and meetings given in the evening. The list is found convenient, for at a moment's glance the reader can tell what is going on that night.

THE state board of health has been asked to furnish all the information in its possession on the subject of vaccination to the Royal Vaccination Commission of Great Britain. This commission has been appointed by the queen to make the first complete investigation of the actual value and results of vaccination since its discovery by Edward Jenner, thirty-six years ago.

THE Indiana supreme court has just rendered the following decision: Where the contract for the transmission of a telegraphic message to a point within Indiana is made in another state, the courts of this state will not enforce the statutes of the other state prescribing penalties for failing to transmit; nor can an action be maintained under the statutes of this state for a failure to deliver after it has been transmitted.

THE state G. A. R. encampment, which has been in session at Indianapolis this week, closed last evening. A resolution was adopted demanding the immediate passage of a service pension bill, and the repeal of the limitation clause of the arrearages bill. Officers were elected as follows: Gil R. Stormant, Princeton, commander in chief; W. W. McBeth, senior vice commander; Joseph Grimsley, junior vice commander; I. N. Walker, assistant adjutant general; W. W. Cocheran, assistant quartermaster general, Indianapolis; Governor Alvin P. Hovey, delegate at large to the national convention. As mentioned in the SENTINEL yesterday, Indianapolis was successful in securing the encampment for the next year. The Fort Wayne delegation worked hard for the city, and their efforts were ably seconded by delegations from some other parts of the state. They failed, but they deserve credit for the manly fight they made. Fort Wayne would have entertained the veterans in a royal manner had our city been successful in securing the encampment.

COMMON COUNCIL.

REPORT OF COMMITTEE ON PUBLIC GROUNDS AND BUILDINGS AND CITY ATTORNEY.

We your committee on public grounds and buildings, report as follows:

1. In reference to the communication from Manager Geary, announcing his desire to erect in said city a young Eiffel tower, your committee report that if in its erection he manifests the energy and ability he does in the management of his museum he will cause in the city a tower that will be an object of interest to all and a source of revenue to him. As the tower must be built on private ground the manager will have the right to dig down to the center of the earth and may go upward without limit, and upon its completion it will give the public joy to see Mr. Geary ascend up.

2. In reference to the offer of the Salmonie Gas company, relating to the lighting of the public offices with natural gas, we conditionally recommend the acceptance of the same, but for the purpose of bringing the matter to a point, we recommend that the different city officers, furnish this committee with the number of lights required and that the attorney be directed to prepare and report to the council such contract as the said company is willing to enter into with the city.

Read a first and second time and referred to committee on sewers.

We, the undersigned, members of the business men's exchange, herewith request our city council to pass the annexed license law, regulating auction and itinerent merchants from practicing illegitimate and unlawful measures, to employ methods calculated to deceive and mislead the public, to the detriment of merchants, who are honorable and heavy tax-payers. We agree to assist the city attorney in defending this ordinance to the utmost of our ability believing it to be just and equitable.

The Trades and Labor Council met Friday night and among other things passed this resolution:

Whereas, The city of Fort Wayne is infested with a large number of transitory stores which engage in business for a few weeks, to the injury of the business men permanently located in the city; therefore be it

Resolved, That the Trades and Labor Council, feeling for the welfare of those who are engaged in the mercantile business in Fort Wayne, is in favor of any just and legitimate measure that can be devised for the purpose of protecting resident business men from the evils resulting from "mushroom" and "fly-by-night" stores located in our midst, and be it further

Resolved, That it is to the interest of workingmen to not patronize such stores, because they have no reputation to sustain and therefore people dealing with them have no guarantee of the substantiality of the goods they purchase.

Resolved, That the business men's exchange and the undersigned, business men heartily endorse the above resolution of the Labor Council. JOHN B. MONNING,
A. J. MOYNIHAN, Sec. President.
George W. Pixley and 72 other merchants.

"For years I have been afflicted with bad Digestion, Constipation and Piles. I have tried all the medicines I could get hold of but all in vain. Even my physicians could not relieve my costiveness. In the meantime I struggled under great pain. Life was a burden. Two weeks ago I saw the Chicago "Times," and my eye fell on an advertisement of Tutt's Pills. I decided to try them. They have worked wonderfully. They keep me regular, don't make me sick, give me an appetite and are curing my piles. I am strong and can walk any distance. If I had had these pills five years ago they would have saved me $10,000; but they have saved my life. Let the afflicted everywhere know their value, which is beyond expression."

She has two sons. Both are miners. Last night they were enticed to the place and made drunk. The mother learned the facts and inaugurated a crusade. Donning her hat she hastened down to the saloon, and, after a brief but interesting interview with the proprietor, she demolished every window in the place and partially wrecked the interior before she could be persuaded to desist.

On Account of the Marriage of a Minister to His Dead Wife's Sister.

PITTSBURG, Pa., March 13.—United Presbyterian church circles are much excited over the marriage of the Rev. Dr. K. B. Ewing, pastor of the Sixth church, one of the wealthiest congregations in Pittsburg, to a sister of his deceased wife. There is a united Presbyterian law which expressly forbids such marriages.

Dr. Ewing does not profess to have been ignorant of the existence of that law but contends that that it has long been obsolete, and that an attempt to enforce it would disrupt the denomination, for so many of the members of the church differed with him, however, that he has tendered his resignation as pastor. The case will go to the Presbytery, which will be asked to urge the general assembly to repeal the law forbidding such marriages.

LET IT COME!

The President of the National Association of Railway Surgeons Favors Fort Wayne for Their Next Convention.

A communication was sent by Dr. C. B. Stemen to President J. B. Murdock, of the National Association of Railway Surgeons, asking his opinion about holding the next annual meeting of the society in 1891, in this city. The following reply has been received:

PITTSBURG, Pa., March 11, 1890.

DR. C. B. STEMEN, Fort Wayne, Ind.

DEAR DOCTOR:—Replying to yours of yesterday, it seems to me that Fort Wayne would be a very proper place to hold our next meeting. The meeting should be at least as far east as is Fort Wayne, and the home of the "father of the association" would be a very good place. Very truly yours,

J. B. MURDOCK.

In the above letter the words "father of the association" are meant to apply to Dr. Stemen, who is practically the founder of the association.

The last meeting of the national association was held at St. Louis, and the next one will be held in May at Kansas City. The meeting was attended last year by more than one thousand delegates.

The matter will be referred to the Business Men's exchange.

THE REASON WHY.

The Fort Wayne Delegation Return From Indianapolis.

Nearly all the members of the Fort Wayne delegation to the G. A. R. encampment at Indianapolis, have returned home.

They were fairly entertained at the capital. They claim that Northern Indiana did not properly support them in trying to secure the next encampment, the vote from Bluffton, Auburn, and Ligonier being especially against them.

Evansville, Terre Haute and Richmond worked nobly for Fort Wayne, and if the chair had granted a reconsideration of the vote, it is believed this city would have been successful.

Indianapolis got the encampment by hustling. She saw how earnestly the forces here were working in time to wake up.

DR. A. J. BOSWELL.

The Elder Member of a Popular Firm Wins Fame Abroad.

Dr. A. J. Boswell, of the firm of Drs. Boswell & Boswell, whose offices are on the corner of Barr and East Wayne streets, over Loesch's pharmacy, returned last evening from New York city. The doctor, during his absence, attended the polyclinic and hospitals of that city, and devoted his attention to the more intricate points in medicine and surgery, embracing the course in Carnegie's laboratory on bacteriology and special courses in operative surgery under the guidance of the leading authors of the east. The doctor entered the examination of Bellevue Hospital Medical college, of New York, session of 1889 90, and obtained the degree of doctor of medicine from that famous institution on the 10th inst. The doctor had been in practice for twelve years prior to his attendance at eastern colleges and hospitals, and had already demonstrated more than ordinary skill and ability in managing diseases, and we bespeak for the firm success.

A DISASTROUS SNEEZE.

Mr. Bradway Has Discovered a New Way to Break a Rib.

Mr. Bradway, a plumber living on Maumee road, has discovered a new way to break a rib.

Yesterday afternoon he indulged in a good, hard sneeze—a few moments later found his way to a doctor's office with difficulty, to find that he had fractured a rib.

A BAD PRINTER.

One Dorland Has a New Suit of Clothes Stolen.

One Dorland, a printer, paid for a suit of clothes at Shaffer & Harding's tailoring establishment to-day. He leaves for Kansas City to-night, and it was his intention, like McGinty's, to go away dressed in "his best suit of clothes."

Dorland deposited his bundle at the entrance of the News office and stepped inside to bid good bye to several of the craft. Clothes gone.

"When lovely woman stoops to folly," and goes out in the snow without her India rubbers, the only art to cure her cold is to buy one bottle of Dr. Bull's Cough Syrup at 25 cents, and take it.

THE democratic state executive committee is meeting to-day at Indianapolis.

THE new water works engine is being operated. The official test will be made soon.

SOME of our Fort Wayne soldiers won honors at the state G. A. R. encampment.

A BRANCH of the Brotherhood of Railway Conductors has been organized at Frankfort, Ind.

FORT WAYNE did not get the state encampment. She made a gallant fight for it, however.

THE democratic state executive committee will decide to-day where and when the next democratic state convention will be held.

THE proceedings of the city council, published in to-day's issue, will be found interesting reading for those interested in municipal affairs.

THE Caledonian society, composed of our Scotch citizens, should be given a crowded auditorium next Tuesday evening, on the occasion of the visit of the Balmoral Choir to this city.

THE Louisiana lottery bill was defeated in the North Dakota legislature Monday. If the company was driven out of every state in the Union it would save many people a great deal of money.

THE Gazette criticises us for the reflections made in THE SENTINEL the other day regarding the tardy work of the Indiana supreme court. The object of the Gazette in replying is purely partisan.

THE SENTINEL is receiving compliments for publishing each day, at the head of this column, the entertainments and meetings given in the evening. The list is found convenient, for at a moment's glance the reader can tell what is going on that night.

THE state board of health has been asked to furnish all the information in its possession on the subject of vaccination to the Royal Vaccination Commission of Great Britain. This commission has been appointed by the queen to make the first complete investigation of the actual value and results of vaccination since its discovery by Edward Jenner, thirty-six years ago.

THE Indiana supreme court has just rendered the following decision: Where the contract for the transmission of a telegraphic message to a point within Indiana is made in another state, the courts of this state will not enforce the statutes of the other state prescribing penalties for failing to transmit; nor can an action be maintained under the statutes of this state for a failure to deliver after it has been transmitted.

THE state G. A. R. encampment, which has been in session at Indianapolis this week, closed last evening. A resolution was adopted demanding the immediate passage of a service pension bill, and the repeal of the limitation clause of the arrearages bill. Officers were elected as follows: Gil R. Stormant, Princeton, commander in chief; W. W. McBeth, senior vice commander; Joseph Grimsley, junior vice commander; I. N. Walker, assistant adjutant general; W. W. Cochoran, assistant quartermaster general, Indianapolis; Governor Alvin P. Hovey, delegate at large to the national convention. As mentioned in the SENTINEL yesterday, Indianapolis was successful in securing the encampment for the next year. The Fort Wayne delegation worked hard for the city, and their efforts were ably seconded by delegations from some other parts of the state. They failed, but they deserve credit for the manly fight they made. Fort Wayne would have entertained the veterans in a royal manner had our city been successful in securing the encampment.

Attest:

..... City Clerk.

Read a first and second time and referred to committee on rules.

We, the undersigned, members of the business men's exchange, herewith request our city council to pass the annexed license law, to prevent auction and itinerant merchants from practicing illegitimate and unlawful measures, to employ methods calculated to deceive and mislead the public, to the detriment of most clean, honorable and law-abiding tax-payers. We agree to assist the city attorney in defending this ordinance to the utmost of our ability believing it to be just and equitable.

The Trades and Labor Council met Friday night and among other things passed this resolution:

Whereas, The city of Fort Wayne is infested with a large number of transitory stores which engage in business for a few weeks, to the injury of the business men permanently located in the city; therefore be it

Resolved, That the Trades and Labor Council, feeling for the welfare of the wholesale engaged in the mercantile business in Fort Wayne, is in favor of such a law in favor of any just and legislative measure that can be devised for the purpose of protecting resident business men from the evils resulting from "mushroom" and "rye-night" stores located in our midst, and be it further

Resolved, That it is to the interest of workingmen to not patronize such stores, because they have no reputation to sustain and therefore people dealing with them have no guarantee of the substantiality of the goods they purchase;

Resolved, That the business men's exchange and the undersigned business men heartily endorse the above resolution of the Labor Council. JOHN H. MOSSING,
President.

A. J. MOYNIHAN, Sec.

George W. Pixley and 72 other merchants.

"For years I have been afflicted with bad Digestion, Constipation and Piles. I have tried all the medicines I could get hold of, but all in vain. Even my physicians could not relieve my constipation. In the meantime I struggled under great pain. Life was a burden. Two weeks ago I saw the Chicago "Times," and my eye fell on an advertisement of Tutt's Pills. I decided to try them. They have worked wonderfully. They keep me regular, don't make me sick, give me an appetite and are curing my piles. I am strong and can walk any distance. If I had had these pills five years ago they would have saved me $10,000; but they have saved my life. Let the afflicted everywhere know their value, which is beyond expression."
